Taking care of Leon this week
Thunderbird Assist (Alpha)
Leon is being cared for by the sender, who has prepared a daily schedule for his care. The schedule includes daily activities such as fresh hay and water refill, cage check, playtime outside, and dinner. Additionally, the sender has also taken note of Leon's special preferences and habits, including his love of cuddling, favorite TV show, and his ultimate snack, grocery
Thanks so much for looking after Leon while I'm away this week! Here's a quick rundown of Leo
make everything smooth and fun for both of you:
Daily Schedule:
Morning (around 8 AM): Fresh hay and water refill, plus a quick cage check.
Afternoon (around 3 PM): Playtime outside the cage—Leon enjoys exploring safe spaces.
Evening (around 7 PM): Dinner (pellets and veggies) and some chill time.
Special Notes:
Leon loves cuddling, especially during episodes of Parks and Recreation. Feel free to binge-
favorite!
His ultimate snack is grocery store sushi (nothing fancy needed!). Make sure you have som
on sharing, and he'll genuinely get a bit sad if you're not joining him.
